

- Safe For All Surfaces
- Formulated For Industrial Use
- Oil Separating Properties
- Environmentally Friendly
- Non-Butyl & Non-Caustic
- Biodegradable
- USDA Classifications: A-1, C-1

Industrial ClearStream Solvent Free Cleaner Degreaser is an industrial strength, *biodegradable* product formulated with an *environmentally friendly* blend of cleaning agents. Its non-butyl, non-caustic, and oil separating formula is safer than conventional solvent-based cleaners. This product contains excellent wetting agents and has exceptional cleaning and degreasing properties. Replaces “traditional” heavy-duty cleaners that contain caustic and “butyl”.

Applications & Uses	Dilutions	Directions
Shop Floors	Full Strength 1:1 10:1 30:1	Use full strength or dilute 1:1 to “Shock Clean” floor surfaces. For regular maintenance, dilute 10:1. For light maintenance cleaning, dilute 30:1. Dilute product, apply to floor surface, allow several minutes contact time, scrub floors in usual manner, and rinse clean with water.
Axles, Engines, Chassis, Auto Parts, Tools	5:1	Dilute product, apply to surface, allow several minutes contact time, and wipe or rinse clean with water.
Machinery and Equipment	5:1	Dilute product, apply to surface, allow several minutes contact time, brush, and wipe or rinse clean with water.
Metal Preparation Prior to Painting	Full Strength 1:1	Use full strength or dilute 1:1 to “Shock Clean” surface. Apply product, allow several minutes contact time, brush, and high-pressure rinse clean with water. Cleaning metal surfaces in this manner results in a chemically clean surface that is in excellent condition for priming or painting.
Pressure Washing	3:1 10:1	As a pretreatment, dilute product 3:1, apply to surface, allow to soak 3 minutes, and high-pressure rinse clean. As a pressure wash, dilute product 10:1, and operate machinery according to the manufacturer’s directions for use.
Steam Cleaning	20:1	Operate machinery according to the manufacturer’s directions for use.
Tires	5:1	Dilute product, apply to tire surface, allow several minutes contact time, brush, and rinse clean with water.
Plastic or Vinyl	30:1	Dilute product, apply to surface, and wipe or rinse clean with water.
